

Mercurien App

The Mercurien App is designed specifically to assist drivers with the following;

- Safer Driving, providing feedback and support of driving style
- Roadside assistance, if included within your novated agreement
- Claims Support
- Access to Policy Documents
- Customer Support

Safety

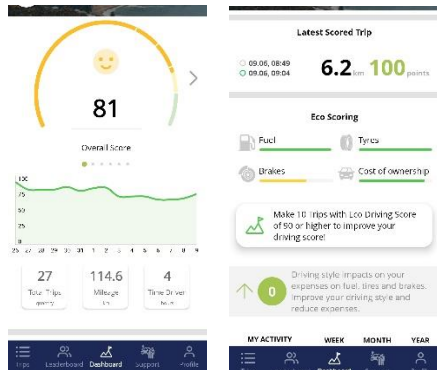

Why is this important?

1. Driving is the most dangerous activity in the workplace
2. Accidents can be expensive
3. Responsibility to yourself, family, company and society to keep roads safe

Your Dashboard

What you can see:

- Your driving score out of 100
- How the score can help you improve
- Driving tips

Leader Board

How you compare to other drivers.

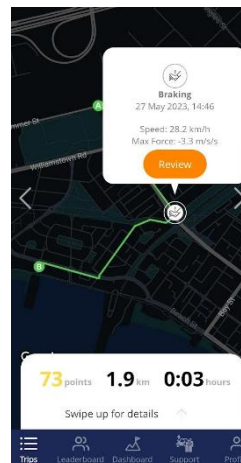

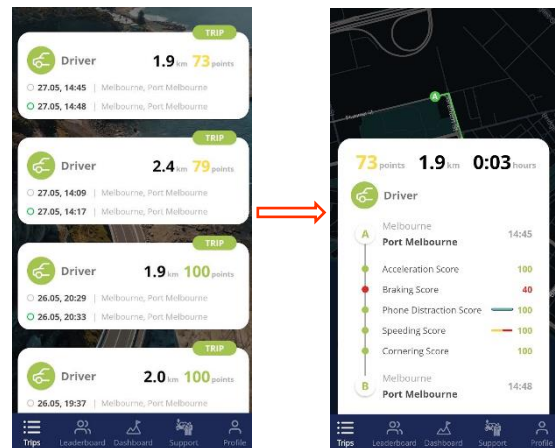

- How you are ranked to other drivers across all driving attributes. Please note driver details are not shared.

Tell me about my trips

Specific feedback.

The Mercurien App provides you specific feedback on your travel routes, providing solutions on how to improve a trip for future travels.

Support Please

When you need a hand, there is help close by:
